National guidelines

Dr. Douglas R. Hren, D.C. to: natboards 09/04/2010 05:00 PM

I would like to express my displeasure with the national guidelines that have been put forward by the victorian Chiropractic board. These guidelines are not even close to being suitable for the chiropractic profession and need to be reviewed and rewritten for the good of our profession.

Yours in Chiropractic,

Douglas Hren, D.C.
Chiropractor
