Objection to proposed 'codes and guidelines'

Ricardo Jorge to: chair 07/04/2010 03:46 PM

Please respond to: [illegible]

To Whom It May Concern:

As a registered chiropractor, I would like to express my objection to the proposed codes and guidelines, as a significant number of those proposals will limit my ability to practice chiropractic and does not serve the best interests of the profession and community.

Yours Sincerely,

Dr Ricardo Jorge
Registered Chiropractor
