

Chiropractic Registrant Data: June 2013

Published September 2013

Introduction

The functions of the Chiropractic Board of Australia (the Board) include:

- registering chiropractors and students
- developing standards, codes and guidelines for the chiropractic profession
- handling notifications, complaints, investigations and disciplinary hearings
- overseeing the assessment of overseas trained practitioners who wish to practise in Australia
- approving accreditation standards and accredited courses of study.

The Board's functions are supported by [Australian Health Practitioner Regulation Agency](http://www.ahpra.gov.au) (AHPRA). For information about legislation governing our operations see [AHPRA's Legislation & Publications](http://www.ahpra.gov.au/Legislation-and-Publications.aspx) at <http://www.ahpra.gov.au/Legislation-and-Publications.aspx>

The Board has analysed its registration data and produced a number of statistical breakdowns about registrants to share with the profession and community. The Board shares these breakdowns regularly.

For more information on chiropractic registration, please see the Board's website: www.chiropracticboard.gov.au/Registration.aspx
