Submission to Chiropractors Board of Australia
Re;Code of professional conduct for chiropractors
7th April 2010
By Dr Craig Matthews (Chiropractor)

I graduated from Macquarie University in 2000. I am currently on the CAAQLD board as Treasurer. I have been in practice for 10 years.

The Code of Professional Conduct for Chiropractors is a document that has been quickly put together document that the implementation will be restrictive.

My concern is that there is a rush to put through this document without thought on the impact that it will have on the profession.

I would respectfully suggest that the entire Code of Professional Conduct for Chiropractors be omitted or seriously reconsidered with all submissions be carefully considered as the board is representative of the profession as a whole and I don't think this is an appropriate document.
