### Chiropractic Board of Australia sets fee for 2013/14

The Chiropractic Board of Australia has announced the fees for chiropractors for 2013/14.

The fee has been set at \$530 and will apply from 1 August 2013.

Board Chair, Dr Phillip Donato OAM, said that the Board limited increasing the fee to 2.3%, which is under the national consumer price index (CPI), to allow the Board to continue its work regulating the profession while not putting undue financial pressure on practitioners.

'The guiding principles of the National Registration and Accreditation Scheme include that it should operate in an efficient, effective and fair way, and that the fees should be reasonable', Dr Donato said.

'The National Board set the fee at a level that will allow it to fulfil its regulatory obligations, while continuing its focus on being prudent and financially responsible', he said.

The National Boards in the National Scheme have seen an increase in the cost and management of notifications (complaints) over the past year. As the number, complexity and cost of these cases can't be accurately forecast, the Boards will continue to keep fees under close review to ensure careful financial management.

A fee schedule, including the fee arrangements for practitioners whose principal place of practice is NSW, will be published on the National Board's website on 1 August 2013. Any variation to the fees payable by NSW practitioners will be announced by the Health Professional Councils Authority in NSW.<sup>1</sup>

More detailed information about the Board's financial operations will be outlined in the Health Profession Agreement between the Board and AHPRA, which will be published on the website soon. This agreement sets out the services AHPRA will provide to support the Board in its regulatory functions.

The regulation of chiropractors is funded solely by registrant fees and there is no cross subsidisation between professions that are regulated in the National Registration and Accreditation Scheme.
